## CHILD GETS SICK CROSS, FEVERISH IF CONSTIPATED

LOOK AT TONGUE! THEN GIVE FRUIT LAXATIVE FOR STOMACH, LIVER, BOWELS.

"CALIFORNIA SYRUP OF FIGS" CAN'T HARM CHILDREN AND THEY LOVE IT.

A laxative today saves a sick child tomorrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish; stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold or has sore throat or any other children's ailment give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you will have a well, playful child again. A thorough "inside cleansing" is oftentimes all that is necessary. It should be the first treatment in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—Adv.
